PDF Management

Feature	Basics	Core	Complete
Apply password protection and set permissions	v	v	v
Open + view sets	v	v	v
Add and edit headers + footers	v	v	v
Create bookmarks + page labels	v	v	v
Combine PDFs	v	v	v
Customize page sizes + resize pages	v	v	v
Embed file attachments	v	v	v
Edit PDFs (erase content, cut content, and edit text)	v	v	v
Extract, delete, rotate, + insert pages	v	v	v
Preserve hyperlinks	v	v	v
Reduce file size	v	v	v
Split documents	v	v	v
Batch apply stamps	v	v	v
Automatic bookmarks + page labels from PDF content		v	v
Overlay pages to compare PDF revisions		v	v
Process colours		v	v
Search for symbols		v	v
Tag files to sort		v	v
Navigate sets		v	v

PDF Creation and File Conversions

Feature	Basics	Core	Complete
OCR for turning scanned images into text-searchable PDFs	v	v	v
Create a table of contents from bookmarks	v	v	v
Export scanned PDFs as Microsoft files	v	v	v
One-click PDF creation + batch (Microsoft Office + Outlook)	v	v	v
One-click 2D PDF creation + batch (AutoCAD, Revit, + Solidworks)		v	v
Create 3D PDFs (from IFC or U3D files)		v	v
One-click 3D PDF creation		v	v
Transfer hyperlinks from AutoCAD files		v	v
Batch convert files (AutoCAD, Revit, + SolidWorks)		v	v
Convert Revit Rooms to Revu Spaces		v	v
Import sheet sets from AutoCAD		v	v
Import files with SHX fonts from AutoCAD		v	v

Tools and Markups

Feature	Basics	Core	Complete
Annotate PDFs with custom markups	v	v	v
Assign markups to layers	v	v	v
Flatten PDF markups	v	v	v
Import PDF markups	v	v	v
Redact PDF content permanently	v	v	v
Translate markups to different languages	v	v	v
Save custom tools to toolsets	v	v	v
Access and apply alignment tools	v	v	v
Create + add dynamic/interactive stamps	v	v	v
2D image markups	v	v	v
Insert and assign hyperlinks to a specific area	v	v	v
Add digital signature fields + digital IDs	v	v	v
Track all digital signatures + certificates	v	v	v
Capture + embed media	Photos only	v	v
Markup + manipulate 3D PDFs	View only	v	v
Calibrate tool sets for PDFs with different scales/viewports		v	v
Create + save markup legends to toolsets		v	v
Create custom hatch patterns		v	v
View + apply custom hatch patterns		v	v
Create calibrated markups with sketch to scale		v	v

Measurements

Feature	Basics	Core	Complete
Apply measurements with different scales using viewports	v	v	v
Access to preset scales	v	v	v
Full access to measurement tools	Length + Area only	v	v
Apply scale to multiple PDFs	Open PDF only	v	v
Transfer measurement totals to Excel using quantity link			v
Generate markups, measurements, and spaces with dynamic fill			v

Studio and Integrations

Feature	Basics	Core	Complete
Integrate with SharePoint + ProjectWise	v	v	v
Upload files to Bluebeam Cloud + sync PDFs locally	v	v	v
Sync Studio Project files locally for offline editing	v	v	v
Check out or check in existing files	v	v	v
Revoke check out	v	v	v
Add new files to existing Projects	v	v	v
Add new files to existing Sessions	v	v	v
Update server copy of existing files	v	v	v
Open existing Session/Project files	v	v	v
Save existing Project files locally	v	v	v
Save copies of Session files locally	v	v	v
Collaborate in real time with Studio Sessions	View mode access	v	v
Create new Projects + Sessions		v	v

Markups List and Automation

Feature	Basics	Core	Complete
Track + manage annotations via the Markups List	v	v	v
Filter + sort markups/comments	v	v	v
Create + save custom filters	v	v	v
Create custom columns	v	v	v
Automatic form creation to convert PDFs into forms	v	v	v
Generate + export a PDF summary of Markups List data for multiple files	v	v	v
Generate + export a CSV, PDF, or XML summary of Markups List data	PDF only	v	v
Create custom statuses		v	v
Add formula custom columns for take-off calculations		v	v
Batch Compare Documents for multiple drawing revisions		v	v
Batch Slip Sheet for complex file sets with new revisions			v
Batch Link for automatic navigational hyperlinks across multiple PDFs			v
Batch process hyperlinks for large document sets			v
Batch Sign & Seal for multiple PDFs			v
Implement scripting commands			v
Use Spaces to track + generate Markups List PDF summaries			v
